摘要

Manages integration solutions for regulatory vault. Accountable to stakeholders for end-to-end project delivery and/or operations. Partner with Business and Technology Partners for demand analysis, solution proposal/evaluation, and project delivery

About the Role

Key Responsibilities:

- Lead and manage the integration of Veeva systems, ensuring seamless data flow and communication between applications.
- Collaborate with cross-functional teams to design, implement, and optimize Veeva integration solutions.
- Develop and maintain efficient Continuous Integration / Continuous Delivery (CI/CD) pipelines to automate the delivery process.

- Analyze current in-scope requirements and identify and assess the impact on existing integrations with other systems.
- Ensure compliance with regulatory requirements and industry standards for Veeva integrations.
- Monitor and troubleshoot integration issues, ensuring timely resolution and minimal disruption to business operations.
- Ensure seamless integration with existing systems and platforms by providing technical guidance and support during the integration process.
- Establish governance structure for integration projects and operations.
- Follow industry trends and emerging practices to drive agility, speed, efficiency, and effectiveness in integrations.
- Accountable for adherence to Security and Compliance policies within the Service Delivery scope of integrations.
- Maintain updated documentation for all integration processes and configurations.
- Engage with stakeholders to understand their needs and ensure alignment with integration goals.
- Communicate effectively with stakeholders to manage expectations and ensure transparency.
- Ensure timely resolution of integration issues to minimize disruption to business operations while ensuring compliance, secure and quality of integrations.
- Track, report, and deliver against agreed success factors and KPIs for various stakeholders.

Essential Requirements

Education & Qualifications

- University degree in computer sciences, business or similar

Experience

- Extensive experience with Veeva Vault and other Veeva systems.
- Strong understanding of Veeva 's architecture, data models, and integration methods.
- Proven experience in managing and leading integration projects.
- Excellent problem-solving and analytical skills.
- Strong communication and collaboration skills.
- Ability to work in a fast-paced, dynamic environment.
- Knowledge of regulatory requirements and industry standards for Veeva integrations.
