Job ID
REQ-10049265

4月 22, 2025

Czech Republic

摘要

Location: Prague, Czech republic #LI

Novartis is unable to offer relocation support for this role: please only apply if this location is accessible for you.

In the role, you will be responsible for Indirect procurement categories (for manufacturing sites). You will be the main procurement contact for manufacturing sites in Belgium, France, Netherlands, and Spain. In the role you will also be implementing the global Procurement strategic goals on country level for your area of responsibility and successfully managing relevant KPI's in regards to productivity, compliance metrics, processes, customer satisfaction and people development. You will be managing a small team.

Very important part of the role is to successfully manage and develop relationships, to drive value for your business.

Categories: Production Design and Construction, Production Equipment, Machinery and Supplies, Facility Management, Cleaning Agents, Utilities, Laboratory Supplies and Equipment, Analytical

services.

About the Role

Key Responsibilities:

- Accountable productivity/cost efficiency targets for your area of responsibility.
- Ensure effective local implementation of global supplier strategies (e.g. implementation of strategic suppliers, contracting principles, execution of global/regional contracts).
- Manage quality of the cluster end-to-end Procurement process incl. compliance to policies, strategies, and processes. Support seamless integration of capability centres into the end-to-end process.
- Serve as key contact for stakeholders, building effective relationships of mutual trust and understanding.
- Executing the Source-to-Contract process including respective strategies, approaches and methods: Preparing and conducting fact-based negotiations. Adapting tactics from a broad portfolio of negotiation strategies to achieve results that support business and Procurement objectives.
- Manage local supplier landscape in their area of responsibility in line with business strategies & global Procurement goals and strategies (e.g. payment terms, manage tail spend, local supplier management process).
- Ensure effective communication between the different Procurement functions, such as Operations, Capability centres, global/regional category management, compliance.

Essential Requirements:

- Bachelor degree required in Business, Engineering or similar; Master ' s degree preferred.
- Minimum 5 years of procurement experience in large multinational organization.
- 1-3 years of experience in managing people and team in an international environment.
- Experience in change management and leading through change.
- Ability to influence and manage senior stakeholders.
- Proven track record of successful supplier negotiation and management.
- Proven track record of delivering the saving target and bringing value add through procurement processes.
- Excellent spoken and written English is a must. Knowledge of either Dutch, French or Spanish is considered an advantages
