摘要

Accelerate operational excellence in Value and Access (V&A) by streamlining global operations and reporting, developing a robust delivery engine, and a worldclass Learning experience of associates globally across 100+ countries. Leadership of BSI V&A organisation to ensure execution for strategy into operational execution. Transform operational excellence into impactful market experiences through advanced technology and analytics solutions.

About the Role

Key Responsibilities:

Operational Leadership:

- Lead a team of experts to drive efficient V&A delivery to International and markets.

- Lead integration of BSI V&A and ensure end to end delivery from strategy into operations.
- Enhance operational performance in V&A through strategic initiatives.
- Ensure seamless deployment of content, assets, and solutions across international markets.

Roadmap Lead:

- Lead and oversee the execution of the newly implemented roadmap for the International V&A team, ensuring strategic alignment with global business objectives and access goals
- Foster cross-functional collaboration and communication with key stakeholders, Pricing, HEOR and Access teams, to drive cohesive strategies

Technology and Analytics:

- Own and manage the V&A technology, data and analytics strategy and roadmap.
- Collaborate with DDIT and other technology/data teams to develop fit-for-purpose platforms and solutions.
- Facilitate the adoption of AI-powered business insights and analytics capabilities, training top countries to achieve tangible outcomes.

Reporting:

- Define and introduce performance KPI reporting
- Regularly reports progress against standardized set of Performance KPIs
- Contribute to / lead International data collection, reporting strategic access initiatives for investor-relevant societal Indices such as ATMi, ESG, DSI etc. to improve Novartis ranking

Learning:

- Drive the identification of the most critical skills and knowledge needed for V&A associates to perform to the highest levels and with the wider International team design / deliver solutions that drive that impact
- Implement the Novartis Learning Strategy & the Novartis People Strategy in partnership with the P&O Team. Support Novartis to become the best company for learning and development by ensuring a culture of curiosity and continuous learning is embedded into the strategy and approach

Team Management and Development:

- Recruit, develop, and retain a motivated, talented cross-functional team.
- Lead and foster a high-performance, diverse team culture using a lean team model with flexible staffing.
- Empower the team through unbossed leadership, enabling individuals to excel.

Essential requirements:

- 15+ years Pharmaceutical industry experience (preferred in Market Access, Pricing or HEOR)
- Intrapreneur who thrives working in fast paced, complex and ambiguous environment while remaining flexible, proactive, resourceful, and efficient

- Advanced leadership experience from previous global or international leadership roles and from line managing direct reports in different locations
- Demonstrated sense of ownership and accountability for the shared success of the team
- Experience in developing and executing “Best in Class” processes at scale
- Experience in design, integration and implementation of skills and capabilities frame-works in a complex matrix environment

Location: This role is based in Basel, Switzerland.
