摘要

Lead scientific engagement with their Medical Experts. Implement clinical and educational strategies and respond to unsolicited medical enquiries.

About the Role

Job Location- Mumbai

Job Description

Key Responsibilities

- Engage healthcare professionals with impactful scientific discussions aligned to medical strategy

- Identify data gaps and opportunities for real-world evidence and precision medicine
- Gather field insights to inform product strategy and evidence generation plans
- Support clinical trial execution and site education initiatives
- Collaborate with cross-functional teams to improve patient access and outcomes
- Deliver tailored scientific content through digital and in-person channels
- Ensure compliance with ethical standards and manage administrative responsibilities

Role Requirements

- Advanced degree in health or life sciences (PharmD, PhD, MD preferred)
- 2-3 years of experience in a medical function within a therapeutic area
- Solid understanding of healthcare systems, research procedures, and industry guidelines
- Proven ability to apply digital solutions for stakeholder engagement and field medical insights
- Strong communication and scientific presentation skills
- Ability to work cross-functionally and manage multiple priorities

Desirable Requirements

- Experience in a medical function within a therapeutic area, with a strong understanding of pharmaceutical industry guidelines
- Ability to apply digital and IT solutions for stakeholder engagement and field medical insights
