Step into a role where innovation meets impact. As LSD Solution Design Manager for Indirect Tax in Latin America, you ' ll be at the forefront of a global digital transformation program spanning over 65 countries. You ' ll help shape how Novartis leverages technology to streamline tax determination, compliance, and reporting—making a real difference in how we operate. If you're passionate about tax, data, and driving change, this is your opportunity to lead with purpose.

## About the Role

Please, note that this is a fixed term contract.

### Major Responsibilities

- Design tax determination rules and functionalities for indirect tax engines
- Define features for new Indirect Tax applications supporting VAT, GST, and WHT compliance
- Support development, testing, and deployment of tax-related applications
- Collaborate with global and local tax experts to align solutions with business needs
- Ensure design decisions meet Novartis standards for performance, quality, and security
- Coordinate with project leads to deliver work on time, within scope and budget
- Create and maintain documentation, training, and educational materials for tax processes

### Essential Requirements

- University degree in a relevant field
- Experience in indirect tax, financial accounting, and tax operations in multinational companies
- Project management training or certification is desirable
- Strong communication skills in English, both verbal and written
- Familiarity with SAP and tax determination engines preferred
- Proven ability to collaborate across functions and drive integrated solutions
