

## Warehouse & Logistics Specialist

Job ID  
REQ-10058886

8月 05, 2025

T ü rkiye

### 摘要

In this role you will ensure that storage and distribution activities comply with Good Manufacturing Practice and Good Distribution Practice standards while supporting the demand plan to meet customer requirements. This role is critical for maintaining regulatory compliance and enabling reliable product availability.

### About the Role

Location: Kurtköy Istanbul, Turkey

Novartis is unable to offer relocation support for this role: please only apply if this location is accessible for you.

## Key Responsibilities:

- Ensure warehouse operations comply with Good Manufacturing Practice and Good Distribution Practice regulations
- Oversee and manage performance of outsourced warehouse partners
- Prevent production delays by aligning warehouse activities with production plans
- Monitor compliance of outsourced warehouse operations with production schedules
- Identify and present cost-saving and development opportunities in warehouse operations

## Essential Requirements:

- Education: University degree in logistics, supply chain, or a related technical field
- Experience: Prior experience in warehouse operations, preferably within a GMP/GDP-regulated pharmaceutical or biotech environment
- Compliance: Proven ability to operate in accordance with Good Manufacturing Practices (GMP) and Good Distribution Practices (GDP) standards
- Process Control: Ability to prevent production delays through proactive warehouse coordination and compliance tracking
- Language: Business-level proficiency in Turkish and English
- System Familiarity: Knowledge of tools like SAP is preferred

## Commitment to Diversity & Inclusion:

Novartis is committed to building an outstanding, inclusive work environment and diverse team ' s representative of the patients and communities we serve.

Hiring decisions are only based on the qualification for the position, regardless of gender, ethnicity, religion, sexual orientation, age and disability.

Why Novartis: Helping people with disease and their families takes more than innovative science. It takes a community of smart, passionate people like you. Collaborating, supporting and inspiring each other. Combining to achieve breakthroughs that change patients ' lives.
