Internal job title: Associate Director, UEM Mobility Design Lead

We are seeking a highly skilled and experienced Mobility Design Lead to design, implement, and manage enterprise-level MDM solutions. The ideal candidate will have deep expertise in mobile security, device lifecycle management, and enterprise mobility strategies. You will play a key role in shaping our mobile infrastructure, ensuring secure and efficient device usage across the organization.

### About the Role

Key Responsibilities:

- Architecture & Design
  - Design scalable, secure, and robust MDM architectures aligned with business and security requirements.
  - Evaluate and recommend future roadmap and strategy for the MDM platform (Intune, Tunnel, infrastructure) and Mobility service technologies (e.g. self-service tools, reporting, monitoring).
  - Design policies for device enrolment, configuration, compliance, and lifecycle management.
- Implementation & Integration
  - Integrate MDM with identity and access management (IAM), endpoint detection and response (EDR), and other enterprise systems.
- Security & Compliance
  - Define and enforce mobile security policies in alignment with the enterprise security architect and compliance lead.
  - Develop strategy on mobile device (OS) lifecycle and compliance.
- Operations & Support
  - Provide technical leadership and support for MDM-related incidents and escalations.
  - Monitor system performance, conduct audits, and optimize configurations for performance and security.
- Documentation & Training
  - Own and maintain architecture diagrams, SOPs, and technical documentation.
  - Represent the Mobility service in strategic reviews and present service strategy and roadmap to team leads and LT.
  - Keep up-to-date with industry trends and best practices, identify areas to bring into Novartis and improve the service.
  - Train and develop Mobility operations and engineering team on policies and best practices

#### Essential Requirements:

- Bachelor ' s or Master ' s degree in Computer Science, Information Technology, or related field, or comparable experience
- 5+ years of experience in enterprise mobility or endpoint management.
- Proven experience with MDM platforms such as Microsoft Intune, Workspace ONE, or JAMF.
- Strong understanding of mobile OS platforms, networking, and security protocols.
- Excellent communication skills in English, both written and spoken; strong stakeholder management skills, Strategic thinking and problem-solving skills, and ability to work independently and lead cross-functional teams
- Curiosity and desire to stay Up-to-date in mobile security trends and technologies.

#### Commitment to Diversity & Inclusion:

We are committed to building an outstanding, inclusive work environment and diverse teams representative of the patients and communities we serve.
