摘要

Step into a role where your leadership and perspective will shape the future of digital transformation. As a Snr. IT Program Manager in Data, Digital & IT, you 'll guide cross-functional teams to deliver innovative, customer-focused solutions that drive real business impact. You 'll be empowered to grow your career through meaningful challenges, continuous learning, and exposure to strategic initiatives. This is a space where collaboration, empathy, and ambition are valued—where your voice matters and your contributions help build a forward-thinking tech environment.

About the Role

You are applying to be part of the Novartis Talent Pool. We are not currently recruiting for this role, but we are building a pipeline for future opportunities. If you would like to be considered for a similar position in the future, then please submit your CV.

Key Responsibilities

- Define and drive the program/product vision, roadmap, and goals across the full lifecycle
- Prioritize features to deliver maximum business value through iterative development
- Collaborate with cross-functional teams to align on strategy, resources, and execution
- Facilitate daily scrums, planning sessions, demos, and retrospectives
- Ensure backlog clarity and availability for development teams
- Lead customer feedback sessions and translate insights into actionable improvements
- Coach team members to enhance delivery quality and recognize growth opportunities

Essential Requirements

- Proven experience leading major change initiatives in complex, matrixed environments
- Strong ability to influence stakeholders without direct authority
- Demonstrated success in cross-functional team leadership and collaboration
- Expertise in IT program and portfolio management practices
- Skilled in planning, organizing, and managing resources effectively
- Fluent in English with excellent communication and relationship-building skills

Desirable Requirements

- Experience working in global pharmaceutical or healthcare environments
- Familiarity with agile methodologies and digital product delivery frameworks

Commitment to Diversity and Inclusion / EEO: Novartis is committed to building an outstanding, inclusive work environment and diverse teams representative of the patients and communities we serve.
