摘要

With the increasing diversity of Novartis' portfolio, the need for driving our drug-device combination product portfolio is also increasing. As such, we are searching for a Senior Expert - Device Project Leader for joining our team in Schafftenau in the Portfolio & Customer Center within Global Device and Packaging Development.

In the role of Senior Expert - Device Project Leader, you will be a vital part of the Portfolio & Customer Center within the Global Device and Packaging Development (GDPD) team based in Schafftenau/AT. Your primary responsibility is to guide and manage cross-functional project teams both within and outside of the GDPD. This includes representing GDPD in the CMC sub-teams, leading relevant discussions, gaining support, and securing approval for project strategy and changes.

About the Role

Key responsibilities:

- Representing GDPD in CMC sub-teams, leading device-related discussions and securing endorsement for project strategy or changes.
- Lead cross-functional project teams, acting as a single point of contact (SPOC) for all device and packaging related issues.
- Plan, manage, and control project resources, schedules, and budgets.
- Assess and negotiate internal & external resource needs on an ongoing basis. Establish and maintain a high-quality Design History File for developments and LCM projects until transfer to manufacturing sites.
- Ensure compliance with internal process requirements and current regulations, including Design Control, CMC, FDA combination product regulations and ISO requirements.
- Contribute to the improvement of process and delivery technology approaches.
- Evaluate suitable device technology to support different project phases.
- Support internal and external audits on packaging and medical device related matters.
- Assist teams in regulatory dossiers preparation, including documents for medical device/combination product registration and in responding to health authority queries.

Essential Requirements:

- Master or PhD (preferred) in natural science, engineering, pharmaceutical field or equivalent.
- Minimum 2-4 years of experience in the pharmaceutical industry, preferably in drug-device combination product technical development including technical operations.
- Ability to work and lead a cross-functional team in a matrix environment.
- Proven knowledge and track record in project and program planning and execution.
- Understanding and awareness of regulatory guidelines for drug-device combination products, including relevant ISOs and current good manufacturing practices (cGMP).
- Collaborative spirit, self-driven attitude, high level of learning agility, good listening skills, strategic thinker.
- Fluent in English (oral and writing), German is beneficial.

You ' ll receive:

You can find everything you need to know about our benefits and rewards in the Novartis Life Handbook. <https://www.novartis.com/careers/benefits-rewards>

In addition to a market-competitive base salary, we offer an attractive incentive program, a modern company pension scheme, childcare facilities, learning and development opportunities as well as worldwide career possibilities within the Novartis group. In accordance with Austrian law, we are obliged to disclose the minimum salary as stated in the collective bargaining agreement. For this position the minimum salary is € 65,605.54 a year (on a full-time basis). The actual salary will be significantly higher, as we strive to maintain a competitive position in the market and consider your previous experience, qualifications and individual competencies.

Commitment to Diversity & Inclusion:

Novartis is committed to building an outstanding, inclusive working environment and diverse teams, representative of the patients and communities we serve.

Adjustments for Applicants with Disabilities

If because of a medical condition, physical disability or a neurodiverse condition you require an adjustment during the recruitment process, please reach out to disabilities.austria@novartis.com and let us know the nature of your request as well as your contact information. The support which we can provide will include advice on suitable positions as well as guidance at all stages of the application process. Austrian law provides candidates the opportunity to involve the local disability representative, Behindertenvertrauensperson (BVP), in the application process. If you would like to request this, please let us know in advance as a note on your CV.

Why Novartis: Helping people with disease and their families takes more than innovative science. It takes a community of smart, passionate people like you. Collaborating, supporting and inspiring each other. Combining to achieve breakthroughs that change patients' lives.
