

## Medical Advisor - Solid Tumor

Job ID  
REQ-10061739

9月 09, 2025

South Korea

### 摘要

- In line with overall product strategy, the Medical Advisor is responsible for supporting the design, implementation and execution of Medical Affairs plans for assigned Therapy Area, providing scientific information, helping design & organise clinical studies, building educational dialogue with KOLs and regulatory stakeholders
- Internal title: Medical Lead RLT

### About the Role

Major accountabilities:

- Ensure medical enquiries are responded to in a high quality, timely manner, and in accordance with applicable standards; establish standard response documents as appropriate, for frequently asked questions.

- Provide medical/scientific input into the development and execution of clinical trial or clinical research related activities, including initiation and oversight of clinical studies / clinical research within the respective therapeutic area.
- Support country strategy for Non Interventional Studies/Investigator Initiated Trial activities.
- Coordinate review and approval of medical materials and locally developed promotional materials; ensure medical materials provided from global or region for stakeholder engagement and events are tailored to local needs, and reviewed/approved per local/P3 guidelines.
- Ensure medical insights are provided to cross functional groups, including, but not restricted to: Pharmacovigilance, Regulatory affairs, Market Access, QA, Commercial teams, Brand team and others.
- Responsible for risk identification and assessment, mitigation planning as well as implementation and monitoring of appropriate internal controls within the area of responsibilities.

#### Essential Requirements:

- Serve confidently as a scientific expert with a strong understanding of drug mechanisms of action (MOA), clinical trial design, and interpretation of clinical outcomes
- Apply strategic thinking to identify solutions, grounded in a comprehensive understanding of clinical data and both internal and external healthcare environments
- Demonstrate effective collaboration and flexible communication across cross-functional teams and with external stakeholders
- Foster team alignment around shared goals, promote diversity, and inspire others through inclusive and motivational leadership
- Business proficiency in English, Native level of Korean

You ' ll receive: You can find everything you need to know about our benefits and rewards in the Novartis Life Handbook. <https://www.novartis.com/careers/benefits-rewards>

#### Commitment to Diversity and Inclusion:

Novartis are Equal Opportunity Employers and take pride in maintaining a diverse environment. We do not discriminate in recruitment, hiring, training, promotion or other employment practices for reasons of race, color, religion, gender, national origin, age, sexual orientation, gender identity or expression, marital or veteran status, disability, or any other legally protected status. We are committed to building diverse teams, representative of the patients and communities we serve, and we strive to create an inclusive workplace that cultivates bold innovation through collaboration and empowers our people to unleash their full potential.

Why Novartis: Helping people with disease and their families takes more than innovative science. It takes a community of smart, passionate people like you.
