摘要

LDC (Lean Digital Core) is a multi year digital transformation program at Novartis. We are looking for a talented SAP Vistex professional to join our core team to provide technical guidance and lead developments in the area of Vistex for our multi country rollout projects . This role requires a deep understanding of Vistex functionalities and the ability to apply the knowledge to meet business requirements.

About the Role

Major Accountabilities

- Responsible for Developing and maintaining end-to-end Vistex solutions within S/4HANA to manage Pricing, Rebates, Chargeback, Incentives and other related process.
- As a Vistex Technical Expert candidate is expected to own deliverables and milestones across organization to support Novartis LDC Program in areas of Vistex for multiple countries

and parallel rollouts.

- Will be responsible for working with Core Functional and Business Teams to understand the user requirements and translate them into technical solution.
- Should have in depth knowledge in transactional and composite process including but not limited to BADIs and interfaces.
- Proficient in proforma calculations, deals, approval workflows
- Responsible for developing effective and scalable code keeping performance in mind.
- Proficient in analysis and debugging of Vistex for timely resolution of defects during Testing phases.
- Will be responsible for reviewing the developments done by the Vendors/Different teams and ensure solutions delivered by them meet the quality standards of Pharma Industry.
- Take accountability to ensure adherence with Security and Compliance policies and Procedures of Novartis
- Take ownership, lead associates from different teams and ensure close collaboration between all necessary organizations and parties to meet the organization milestones with respect to Vistex for parallel releases.
- Should support in optimizing Vistex transactional processing and improve system performance.

Minimum Requirements

- University degree in business/technical domains or equivalent proven experience & certifications in the field
- Proven track record of broad industry experience and excellent understanding of complex enterprise IT landscapes and relationships
- 12+ years of relevant SAP Vistex experience.
- Implementation experience in V4 Vistex is a must with strong expertise in Vistex module.
- Excellent problem solving skills and ability to work in cross functional/Multi-Vendor environments
