### 摘要

Manager - Field Design Advisory

### About the Role

As an integral part of the Business Service International, the team delivers comprehensive design and advisory solutions business stakeholders. We excel in crafting and deploying innovative go-to-market (GTM) strategies for sales, medical, access, and other organizations.

Our team offers a wide array of GTM and enterprise consulting solutions, including:

- Market identification
- Customer segmentation
- Omnichannel targeting strategy
- Field structure design

- Resource optimization
- Geography design analytics
- Talent placement
- Incentive design
- Tactic and execution effectiveness measurement

These services empower business leaders across the globe—field leaders, brand leaders, P&O leaders, and finance leaders—by leveraging robust consulting methodologies, profound functional and business expertise, data-driven analytics, and industry benchmarks.

We are dedicated to drive success through strategic recommendations and tailored solutions, ensuring that our internal business colleagues achieve their goals with precision and confidence.

## About the role

The purpose of the Manager role is:

- Drive projects to Novartis internal customers (country business units, analytics teams, regional marketing and sales teams) on various high complex field force consulting projects.
- Support the team in creating project proposals and managing project delivery end-to-end.
- Facilitate data enabled decision making for Novartis internal customers by providing and communicating qualitative and quantitative insights.
- Support FFO business by involving in various initiatives like knowledge sharing, on-boarding and training support of various associates.
- Support the team in all business-related tasks / activities, building process documentation and knowledge repositories.

## Key Responsibilities:

- Co-leading and delivering consulting projects for customers, ensuring adherence to timelines and quality objectives in the following areas:
  - Commercial strategy design
  - Field Force sizing and structure (sales force, access, medical teams)
  - Optimal resource deployment, leveraging analytical tools & algorithms.
  - Segmentation, Tiering, Targeting and Call Plan design.
  - Incentive scheme design and payout calculation strategies
  - Ad-hoc projects based on local business challenges identified through assessments and / or benchmarking.
- Ensuring delivery of efficient and high-quality deliverables and, promotes synergy and best practice sharing among resources
- Ensuring exemplary communication with all stakeholders including internal associates, and clients through regular updates with focus on accomplishments, KPIs, best practices, staffing changes and key events

- Proactively strive for improvement in services, processes, and the way of working
- Working with extended BSI team to leverage any cross-functional synergies and drive integrated solutions
- Mentoring team members to support talent development across the wider team; developing and retaining talent.

#### Essential Requirements:

Education: Graduate degree is minimum, any certifications, diploma or degree in project and event management is a plus

Languages: Superior communication skills in English

Experience (5+ years) in commercial execution, functional consulting/business consulting or in pharmaceutical company

- Experience in co-leading project teams
- Past work reflects a track record of operational excellence in SFE and / or Business Analytics field
- Experience in working in a matrix and geographically dispersed environment
- Ability to engage senior stakeholders and influence strategic decision-making
- Should have an understanding of Pharmaceutical business including its regulatory environment
- Strong analytical thinking with problem solving approach
- Should be customer service oriented
- Strong and proactive business results-focus, and proven ability to provide insights that increase productivity

#### Desirable Requirements

- MBA/ Postgraduate
- Knowledge of other in-scope country languages (German, Japanese as priority)
- Working knowledge of country organization, sales operational processes, practice areas, key issues and challenges.
