摘要

#LI-Hybrid
Location: Schafftenau, Tyrol

We are currently seeking a highly skilled Process Expert (m/f/d) to join our Omnitrope team in DP2, Schafftenau, Tyrol. This role is integral to ensuring the efficient execution of processes and fostering continuous improvements in quality, productivity, and efficiency.

The successful candidate will work closely with the Operations team and report directly to the Process Support Unit Lead. Key responsibilities will include analyzing and optimizing process workflows, implementing best practices, and contributing to strategic initiatives aimed at enhancing operational performance.

About the Role

Key Responsibilities:

- Provide support in the coordination and production of biopharmaceuticals (Compounding, filling) as well as in GMP processes.
- Preparation of production supporting documents, as well as for internal and regulatory inspections.
- Handling of deviations, implementation / coordination of defined actions as well as implementation of approved change requests
- Ensure real time shop floor support and the completion of production operations on time, in accordance with the documentation and in compliance with GMP, SSE and 5S rules.
- Collaboration and management of improvement projects in the production environment.
- Preparation / execution of training for production personnel regarding industrial hygiene, GMP and safety.
- Technical control of the execution / interpretation of study results as well as provision and evaluation of process relevant data.

Essential Requirements:

- Completed studies in the field of Process Engineering, Biotechnology, Biology, Pharmaceutical Technology, Chemistry, Pharmacy, microbiology (or comparable studies), min. Bachelor's degree.
- GMP knowledge.
- Proficiency in English and German (spoken & written).

Desirable Requirements:

- Proficient technical writing experience.
- Previous experience with conducting root cause investigations and defining corrective actions for process improvement.
- Previous experience collaborating and working with diverse cross-functional teams.

You 'll receive:

In addition to a market-competitive base salary, we offer an attractive incentive program, a modern company pension scheme, childcare facilities, learning and development opportunities as well as worldwide career possibilities within the Novartis group. In accordance with Austrian law, we are obliged to disclose the minimum salary as stated in the collective bargaining agreement. For this position the minimum salary is € 59.781,96 year (on a full-time basis). In most cases, the actual salary will be higher, as we strive to maintain a competitive position in the market and consider your previous experience, qualifications and individual competencies.

We are open for part-time and job-sharing models and support flexible and remote working where possible.

Commitment to Diversity & Inclusion:

We are committed to building an outstanding, inclusive work environment and diverse teams representative of the patients and communities we serve.

Adjustments for Applicants with Disabilities:

If because of a medical condition, physical disability or a neurodiverse condition you require an adjustment during the recruitment process, please reach out to disabilities.austria@novartis.com and let us know the nature of your request as well as your contact information. The support which we can provide will include advice on suitable positions as well as guidance at all stages of the application process. Austrian law provides candidates the opportunity to involve the local disability representative, Behindertenvertrauensperson (BVP), in the application process. If you would like to request this, please let us know in advance as a note on your CV.

Why Novartis: Helping people with disease and their families takes more than innovative science. It takes a community of smart, passionate people like you. Collaborating, supporting and inspiring each other. Combining to achieve breakthroughs that change patients' lives.
