摘要

We are seeking a Assoc. Director, Business Partner - Data Analytics Manufacturing who can translate needs into a clear roadmap, present proposals to site leadership, and stay up to date on out of the box (OOTB) tools to deliver quick wins. The role will both leverage OOTB capabilities and engage users to capture requirements, initiate new demand, and when needed, assemble a development team to build new analytics solutions or map ideas to existing solutions and propose a scalable rollout plan. The typical stakeholders for the position are site leadership teams, site ITOT heads, program managers, developers, solution designers, architects, analytics directors and product owners.

Key Responsibilities:

- Understand the requirements of manufacturing sites and be able to map them to existing solutions or capabilities or come up with proposals to initiate a new project.
- Design and manage the development of modular, reusable, elegantly designed and maintainable

software that supports the organization as well as strategic initiatives.

- Oversee development performance and make sure deliveries are completed within agreed timelines.
- Prepare effort estimations for the new projects and deliver the solutions within agreed budget.
- Present ongoing activities to higher management to share the status updates and be bold with new ideas that can benefit manufacturing sites.
- Collaborate extensively with your colleagues across Security, Compliance, Engineering, Product Management, Product Service Management and Business Management.

Essential Requirements:

- University education in the field of informatics, computer science or another relevant field.
- Active knowledge of the English language (oral and written).
- 10+ years of prior IT experience in a professional environment, preferably worked with OT systems and understanding of data analytics products/capabilities
- Strong knowledge of automation systems and IT infrastructure
- Experience in customer facing IT roles and excellent communication and interpersonal skills
- Digital savvy: good grasp of the impacts and opportunities that data and technology will create for Operations
- Resourceful: able to find out what is available, what are the capabilities in order to position solutions for the requirements.
- Self-motivated: willingness to learn and upskill

We offer permanent employment with 6 months of probation period. Submit your application with the CV in Slovenian and English language.

Benefits and Rewards:

Competitive salary, Annual bonus, Flexible working schedule, tailored to your needs, possibility to work from home, Pension scheme, Employee Recognition Scheme, Expanded program for the promotion of health in the field of physical, mental and social well-being (Well-being), Unlimited learning and development opportunities.
