摘要

Join Novartis as a Manager, Managed Access Programs (MAP) & Post-Study Drug Supply (PSDS) Operations and play a key role in managing patient access to innovative therapies. You will manage the planning and execution of these programs, collaborating with global teams to ensure medicines reach those who need them - efficiently, compliantly, and with high quality. Your commitment to operational excellence and attention to detail will help simplify processes and uphold the highest standards, making a meaningful impact on patients and healthcare.

About the Role

Manager, Managed Access Programs (MAP) & Post-Study Drug Supply (PSDS) Operations

Location - Hyderabad #LI Hybrid

About the Role:

Join Novartis as a Manager, Managed Access Programs (MAP) & Post-Study Drug Supply (PSDS) Operations and play a key role in managing patient access to innovative therapies. You will manage the planning and execution of these programs, collaborating with global teams to ensure medicines reach those who need them - efficiently, compliantly, and with high quality. Your commitment to operational excellence and attention to detail will help simplify processes and uphold the highest standards, making a meaningful impact on patients and healthcare.

Key Responsibilities:

- Coordinate completion of MAP and PSDS strategy plans with input from cross-functional teams.
- Support operational setup, maintenance, and closure of assigned MAP and PSDS programmes, ensuring oversight.
- Develop, review, submit, maintain, and archive MAP and PSDS documents in relevant systems.
- Provide product and budget forecasts for MAP and PSDS, updating regularly and escalating changes for approval.
- Manage and maintain oversight of the drug supply process for assigned programmes.
- Contribute to safety update reports (DSUR/PSUR) as applicable for MAP and PSDS activities.
- Prepare presentations and supporting documentation to secure operational and financial endorsement.
- Identify, track, and manage risks and issues, proposing mitigation strategies and escalating as needed.
- Collaborate with global and local partners to deliver MAP and PSDS operational activities efficiently and compliantly.
- Support global inspection and audit preparation, conduct quality and internal audits, and assist with corrective actions.

Commitment to Diversity & Inclusion: :

We are committed to building an outstanding, inclusive work environment and diverse teams representative of the patients and communities we serve.

Essential Requirements:

- Master's degree in science; Doctor of Medicine or Pharm D. is a plus.
- Minimum 5 years' relevant experience in the pharmaceutical industry or public health sector.
- Strong knowledge of medical affairs, clinical operations, or drug development.
- Demonstrated ability to work effectively in global matrix teams and project environments.

- Excellent interpersonal and communication skills across diverse audiences and organisational levels.
- Highly organised, detail-oriented, and able to work independently with minimal supervision.
- Proficient in Microsoft tools, including SharePoint, Teams, Excel, PowerPoint, and document management systems.
- Excellent English language skills, both written and spoken.

Desirable Requirements:

- Experience in working within global organizations and project teams, demonstrating adaptability to changing environments.
- Openness to change and ability to promote a culture of high ethical standards and compliance.
