### 摘要

#LI-Hybrid  
Location: Hyderabad, India

Step into a role where your scientific expertise can shape the future of medicine. As Associate Director of Evidence Generation, you ' ll lead the development of innovative, non-interventional studies and Real-World Evidence programs that influence global healthcare decisions.

You ' ll collaborate with cross-functional teams and external stakeholders to deliver impactful, fit-for-purpose evidence that supports access, adoption, and optimal use of Novartis medicines.

This is your opportunity to reimagine how evidence drives patient outcomes and regulatory success and make a meaningful difference in the lives of millions.

### About the Role

## Key Responsibilities

- Lead design and execution of non-interventional studies aligned with Integrated Evidence Plans
- Develop study concepts, protocols, reports, and contribute to final analyses and publications
- Ensure scientific rigor and relevance in evidence strategy, study design, and data interpretation
- Engage with global stakeholders including key opinion leaders, advisory boards, and patient groups
- Represent Novartis in external collaborations and lead/co-chair steering committees for studies
- Support development of innovative methodologies and technologies to enhance evidence generation
- Stay current with trends and drive adoption of emergent evidence approaches across teams

## Essential Requirements

- Advanced degree in life sciences or healthcare; MBA or equivalent preferred
- 10+ years of experience in pharma, academic research, or healthcare with focus on evidence generation
- Strong expertise in non-interventional study design and Real-World Evidence methodologies
- Proven ability to communicate complex scientific concepts to diverse internal and external audiences
- Demonstrated success working in cross-functional, global matrix environments
- Excellent collaboration, organizational, and strategic thinking skills
