摘要

We are seeking a strategic and analytical professional to support business operations within a high-revenue country. This role involves delivering complex analysis, reporting, and forecasting to drive informed decision-making. The individual will serve as a key Business Partner for Business Planning & Analysis (BPA), providing valuable insights and decision support to the management team. The position may also involve coordinating a team of specialists to ensure alignment with business goals and performance targets.

About the Role

Key Responsibilities:

- Ensure the operational conversion of the BPA strategic goals within a dedicated area of the business -Provide management with accurate, relevant business analysis to support monthly

operational reviews and ad-hoc requests, and ensure timely and accurate information gathering.

- Perform analysis to evaluate risks or opportunities; make recommendations to mitigate these risks.
- Manage and provide financial analysis and decision making support for a investment/project in a domain -Ensure ongoing business performance is appropriately monitored and measured, and drive early warning for re-direction of resources with Business Partners.
- Provide accurate operational information and advice to support the annual budgeting, rolling forecast and Strategic Planning processes.
- Ensure integrity of data provided by commercial teams, and provides value added; provides recommendations on forecast accuracy improvement.
- Provide well managed and quality financial analysis in order to improve business case proposals and profitability tracking.
- Continually improve and streamline existing management reporting processes and support the definition and implementation of lean processes to meet the changing demands of the business.
- May supervise the performance and development of a small team of BPA specialists.
- Reporting of technical complaints / adverse events / special case scenarios related to Novartis products within 24 hours of receipt -Distribution of marketing samples (where applicable)

Essential Requirements:

- Functional Breadth.
- Financial Management.
- Operations Management and Execution.
