

Executive Director, Portfolio Scientific Communications (TA)

Job ID
REQ-10063746

10月 01, 2025

United Kingdom

摘要

LOCATION: London, UK, or Dublin, Rep of Ireland or Basel, Switzerland

ROLE TYPE: Hybrid Working, LI-Hybrid

Step into a pivotal leadership role where your strategic vision will shape how Novartis communicates scientific breakthroughs across a diverse therapeutic portfolio.

As Executive Director, Portfolio Scientific Communications, you ' ll lead a world-class team to craft compelling narratives that drive clinical adoption and elevate healthcare understanding.

Collaborating across Medical Affairs, Development, Biomedical Research and Commercial, you will lead global publication, medical education, and foundational content strategies –ensuring Novartis remains at the forefront of evidence dissemination and launch excellence.

About the Role

Key Responsibilities

- Lead strategic development of scientific communication platforms across multiple assets and indications within a therapeutic area
- Oversee global publication, medical education, and foundational content planning in alignment with cross-functional partners
- Oversee publication execution including manuscripts, abstracts, posters, and oral presentations across the asset lifecycle
- Co-create early asset communication strategies with cross-functional teams
- Build and lead high-performing teams of Scientific Communications professionals

What You 'll Bring to the Role

- Extensive experience in pharmaceutical or healthcare organizations across global and country-level roles
- Advanced degree in life sciences or healthcare (e.g., PhD, MD, PharmD); MBA or professional qualification desirable
- Proven expertise in medical affairs, publication planning, and medical education strategy development
- Strong ability to lead cross-functional teams in dynamic, matrixed environments across regions and functions
- Deep understanding of ethical standards and compliance in pharmaceutical communications and publication practices
- Exceptional communication skills with the ability to simplify complex scientific concepts for diverse audiences

Why Novartis?

We believe new insights, perspectives, and ground-breaking solutions can be found at the intersection of medical science and digital innovation. We are committed to building an inclusive, diverse workplace that reflects the communities we serve. Join us and help reimagine medicine for millions of patients worldwide.

Commitment to Diversity & Inclusion / EEO

Novartis is committed to building an outstanding, inclusive work environment and diverse teams representative of the patients and communities we serve.
