Internal Job Title: Global Program Regulatory Manager

We are looking for an experienced and proactive Regulatory Affairs Manager to join our Global Regulatory Affairs team. This role is critical in driving regulatory strategy and managing operational activities across key regions. You will collaborate with cross-functional teams to ensure timely submissions, approvals, and compliance with global regulatory requirements, supporting the successful development and commercialization of pharmaceutical products.

About the Role

Major Responsibilities:

- Implement regional regulatory strategies in alignment with global objectives.
- Contribute to global regulatory planning and identify strategic gaps or risks.
- Lead or support Health Authority (HA) interactions, including briefing material preparation.
- Coordinate timely and compliant regulatory submissions across assigned regions.
- Review and approve Clinical Trial Applications (CTAs), Investigational New Drugs (INDs), and Risk Management Plans.
- Act as a liaison with local HAs (e.g. FDA, EMA) as required.
- Ensure timely and effective responses to HA queries and requests.
- Collaborate cross-functionally to align regulatory plans with business goals.
- Monitor and ensure compliance with internal policies and external regulations.
- Support or lead negotiations for regional approvals to meet project timelines.

Essential Requirements:

- Bachelor ' s or Master ' s degree in Life Sciences, Pharmacy, or a related field.
- Proven experience in regulatory affairs within the pharmaceutical industry.
- Strong understanding of drug development and clinical trial processes.
- Experience in managing regulatory submissions and HA interactions.
