摘要

#LI-Hybrid

The Pipeline Medical Lead will lead and develop medical launch strategies and activities in close collaboration with the medical and cross-functional teams, providing scientific information, contributing to clinical strategy, collaborating to develop impactful medical education plans, evidence generation plans and implementation science plans. The role focuses specifically on the UK market and works across therapy areas.

About the Role

Location:

London Office with Hybrid working (12 days per month in the office)

Responsibilities:

- Co-creates and co-leads the early medical strategy
- Analyses scientific data swiftly, understands and follows trends in disease areas to create early plans on how to establish scientific and clinical leadership and create appropriate local establish scientific and clinical leadership, and shape clinical belief in areas of unmet need
- Routinely assesses gaps in practice vs guideline-directed new therapies and delivers a strong medical plan including evidence generation plans, publications, medical education
- Cultivates and maintains strong relationships with top clinicians in collaboration with other internal stakeholders across a wide range of complex and high value situations to drive outcomes
- Develops pipeline strategy considering Health Care System's dynamics and needs
- Builds Health Care System's relationships and collaboration, partnering in new TAs and building trust/commitment
- Role model for our culture, values & behaviours, consistently demonstrating the highest ethics and integrity based standards

Requirements:

- Significant experience in Medical Affairs across therapy areas/different compounds and at early stages of life-cycle. Market Access experience will also be considered.
- Medically qualified and GMC registered Physician or Pharmacist/PhD, Life Science Bachelor's Degree or equivalent
- Knowledge of reimbursement and NICE
- Evidence generation experience
- Demonstrates a customer-focused mindset
- Ability and desire to work across therapy areas
- A strong understanding and experience of the UK access/NHS/UK experience is key

Commitment to Diversity & Inclusion:

We are committed to building an outstanding, inclusive work environment and diverse teams representative of the patients and communities we serve.
