Austria

摘要

#LI-Onsite
Location: Schafftenau, Austria

... gain real-world experience for at least 6 months within our Analytical Development Process Analytical Sciences team in Kundl/Schafftenau.

Our team in Analytical Development for Biologics is responsible for the physical chemical method development, optimization, and robustness testing in late-phase pharmaceutical drug development. We work with state-of-the-art technologies to bring new biopharmaceutical products from the lab to full production scale. You will join a committed, interdisciplinary team that collaborates closely to make medications available to patients worldwide.

Join our Analytical Development team in Schafftenau and help shape the future of healthcare. Let's continue to build on our momentum – and make an extraordinary impact, together.

The position is 80%.

About the Role

Key Responsibilities:

- A chance to work on an innovative analytical development project for at least 6 months, gaining valuable real-world experience.
- Learn how we develop and optimize physical chemical methods (e.g. HPLC and/or CE) for innovative products focusing on the patient's needs.
- Contribute to development improvement: Support our scientists in analytical method development from planning and executing experiments to analyzing and interpreting data.
- Documentation & process improvement: Document your findings meticulously and propose ideas to improve or optimize methods and workflows.
- Team collaboration & presentation: Work closely with your colleagues and prepare your results to present to the team, gaining a broad insight into the analytical development process at Novartis.
- Onboarding and individual mentoring by an experienced supervisor with deep scientific and technical knowledge.

Essential Requirements:

- Currently enrolled in a master's program in a relevant field such as Pharmaceutical Sciences, Chemistry, Food Chemistry, Biotechnology, Biochemical Engineering, Molecular Medicine, Bioinformatics, Biochemistry, or Process Engineering.
- A solution-oriented mindset and a high willingness to learn new skills and concepts.
- You have a self-driven, team-oriented work style - you take responsibility for your tasks and enjoy working collaboratively.
- Interest for or knowledge in data science, statistical data analysis, and process modeling, simulation, automation and basic programming (e.g. Python) is an advantage.
- Proficiency in MS Office for data analysis and documentation.
- Advanced communication skills in English, both written and spoken.

What we offer:

Novartis Austria is one of the most modern and innovative manufacturing sites in the Novartis network. The sites in Tirol have approximately 3,500 employees and there are approximately 350 employees in the marketing & sales office in Vienna.

The site in Tirol is in the middle of the Austrian Alps with excellent infrastructure.

Benefits & Rewards :

In accordance with Austrian law, we are obliged to disclose the minimum salary as stated in the collective bargaining agreement. For this position the minimum salary is € 2.010,75 €/month (on a full-time basis).

Commitment to Diversity and Inclusion:

Novartis is committed to building an outstanding, inclusive work environment and diverse teams representative of the patients and communities we serve.

Accessibility and Accommodation:

If because of a medical condition, physical disability or a neurodiverse condition you require an adjustment during the recruitment process, please reach out to disabilities.austria@novartis.com and let us know the nature of your request as well as your contact information. The support which we can provide will include advice on suitable positions as well as guidance at all stages of the application process. Austrian law provides candidates the opportunity to involve the local disability representative, Behindertenvertrauensperson (BVP), in the application process. If you would like to request this, please let us know in advance as a note on your CV.

Why Novartis: Helping people with disease and their families takes more than innovative science. It takes a community of smart, passionate people like you. Collaborating, supporting and inspiring each other. Combining to achieve breakthroughs that change patients' lives. Ready to create a brighter future together? <https://www.novartis.com/about/strategy/people-and-culture>

Join our Novartis Network: Not the right Novartis role for you? Sign up to our talent community to stay connected and learn about suitable career opportunities as soon as they come up: <https://talentnetwork.novartis.com/network>

Benefits and Rewards: Read our handbook to learn about all the ways we'll help you thrive personally and professionally: <https://www.novartis.com/careers/benefits-rewards>
