

Al Search & SEO Analyst

Job ID REQ-10066910

11月 20, 2025

Ireland

摘要

As part of the Digital Optimization team, the AI Search & SEO Analyst will play a key role in understanding the impact of AI Search and AI Overviews on Novartis brand websites and optimizing our web ecosystem for the evolving AI-driven search landscape.

This role requires in-depth knowledge of how large language models (LLMs) discover, interpret, and deliver information. It focuses on research, measurement, and insight generation to help brands improve visibility and performance in AI search environments.

About the Role

Key Responsibilities

- Analyse how Novartis brand websites appear across AI Search and AI Overview results.
- Conduct keyword, content, and technical audits to identify opportunities for visibility

- improvement.
- Support development of a measurement framework to track Al-driven visibility and engagement.
- Monitor and benchmark AI visibility metrics for Novartis and competitors.
- Build dashboards and automated reports tracking KPIs (visibility, share of voice, CTR, conversions, AI win Rate etc) and deliver clear narratives to stakeholders on impact and next steps.
- Maintain data accuracy across dashboards and reporting systems (GA4, GSC, SEMrush, Looker Studio).
- Analyse large datasets from AI search platforms, web analytics, and other digital sources to identify trends, and growth opportunities.
- Play an active role to translate findings into actionable recommendations.
- Collaborate with marketing, analytics, and engineering teams to implement SEO and tagging enhancements.
- Stay current with Al Search trends, new tools, and emerging best practices.

Minimum Requirements

- Bachelor's degree in Marketing, Analytics, or a related field.
- 3+ years of experience in SEO, Web Analytics, or Digital Marketing.
- Hands-on experience with GA4, Google Search Console, SEMrush, and Looker Studio.
- Strong analytical skills with the ability to translate data into actionable insights.
- Curiosity and passion for understanding evolving Al-driven search experiences.
- Good understanding of pharmaceutical domain and data would be a plus

What You'll Gain

- Opportunity to shape Novartis' approach to Al Search optimization.
- Exposure to advanced tools like Amplitude Al Visibility Tracker and Profound.
- Work in a collaborative and innovative environment driving digital excellence.
