Romania

摘要

#LI-Onsite

Location: Târgu Mure, Romania

This role is based in T â rgu Mure , Romania. Novartis is unable to offer relocation support for this role: please only apply if this location is accessible for you.

Join Novartis and help ensure robust, compliant, and continuously improving manufacturing processes across the product lifecycle. As an Manufacturing Science & Technology Expert, you will own process knowledge, lead technology transfers and product launches, and drive validation strategies to keep our therapies safe, reliable, and inspection-ready.

About the Role

Key Responsibilities

- · Maintain end-to-end process knowledge and lifecycle oversight for assigned products.
- Lead tech transfers and launch readiness activities, ensuring seamless scale-up and compliance.
- Develop and execute validation strategies (process, cleaning, packaging) aligned with cGMP and regulatory standards.
- Provide technical support, risk mitigation, and cross-functional collaboration to ensure business continuity and quality.

Essential Requirements:

- BSc in Pharmacy, Pharmaceutical Technology, Chemistry, or an equivalent scientific degree;
 MSc desirable or equivalent experience.
- Fluent in English (oral and written).
- 2-3 years of experience in manufacturing, manufacturing science and technology (MS&T), technical development, or quality–ideally within GMP/GxP-regulated environments.
- Experience in GMP-regulated pharmaceutical manufacturing and MS&T.
- Strong skills in process validation, CPV, and statistical data analysis.
- Proven leadership in tech transfer and cross-functional project management.
- Excellent documentation and compliance mindset.

Commitment to Diversity and Inclusion / EEO paragraph:

Novartis is committed to building an outstanding, inclusive work environment and diverse teams representative of the patients and communities we serve.

Why Novartis: Helping people with disease and their families takes more than innovative science. It takes a community of smart, passionate people like you. Collaborating, supporting and inspiring each other. Combining to achieve breakthroughs that change patients' lives.
