

Heart Failure First Line Manager - Delta & Upper Egypt

Job ID
REQ-10069713

1月 20, 2026

Egypt

摘要

An exciting opportunity to become part of Novartis. In this role as first line manager, you will be overseeing a small team while driving the execution of the sales operations plan. This role is responsible for achieving assigned sales and broader performance targets for a specific area or product portfolio. In addition, the manager develops a strong and effective sales team by providing ongoing training, coaching, and leadership, and by overseeing the implementation of key commercial programs to support business growth.

#LI-onsite

About the Role

Major Accountabilities

- Achieve personal and team sales, productivity, and performance targets through effective

business planning aligned with company strategy.

- Drive account growth by independently managing existing clients and developing new business opportunities.
- Lead, coach, hire, and develop a high performing team of Medical Representatives / Product Specialists.
- Optimize resource allocation, manage area budgets, and ensure accurate, timely reporting and administration.
- Build and maintain strong relationships with key accounts, KOLs, patient associations, and cross functional partners.
- Ensure excellence in product and disease knowledge, market intelligence, competitive insights, and customer satisfaction.
- Operate within compliance standards, uphold company policies, and ensure timely reporting of technical complaints/adverse events.

Minimum Requirements

- A bachelor ' s degree in pharmacy.
- Proven experience in the pharmaceutical or healthcare industry with strong knowledge of sales processes and customer engagement.
- A Minimum of 3 years ' experience as a Sales Manager would be a plus.
- Residency in Delta or Upper Egypt is preferred.
- Strong analytical, communication, and leadership skills with the ability to execute strategies and deliver results in a fast paced environment.
- Strong English & Arabic language skills.

Why Novartis: Helping people with disease and their families takes more than innovative science. It takes a community of smart, passionate people like you.
