### 摘要

Location: Novartis, Prague, Czech Republic #LI-Hybrid

Relocation Support: This role is based in Prague, Czech Republic. Novartis is unable to offer relocation support: please only apply if accessible.

About the Role:

Step into a role where your scientific expertise shapes meaningful dialogue with medical experts, supports evidence generation, and strengthens education that empowers healthcare professionals. As a Medical Science Liaison, you will build trusted, peer level partnerships, deliver high quality scientific exchange, and provide impactful medical education that enhances understanding of disease areas and Novartis innovations to advance patient care. If you are inspired to make a real difference through science, education, and collaboration, we would love to hear from you.

## About the Role

### Key Responsibilities:

- Lead high quality, peer to peer scientific exchange with Medical Experts, leveraging strong medical expertise to support accurate, balanced, and evidence based interpretation of clinical data and disease area science.
- Organize and lead educational and scientific events such as seminars, webinars, symposia and others educational events.
- Apply principles of implementation science and real world data to help bridge gaps between clinical evidence and everyday clinical practice.
- Handle and provide high quality, evidence based responses to medical and scientific inquiries from healthcare professionals.
- Develop the medical communication strategy to ensure aligned, accurate, and timely scientific messaging across stakeholders.
- Contribute to the development of Medical Affairs strategies by bringing forward field insights, scientific expertise, and an in depth understanding of therapeutic area needs.
- Provide expert medical and scientific guidance to internal cross-functional team (e.g., Medical Affairs, Commercial, Regulatory, Pharmacovigilance).
- Provide scientific training, onboarding, and ongoing education for internal teams to ensure consistent, evidence based communication across the organization.

### Essential Requirements:

- University degree in Medicine (MD) or Mgr./PharmD/PhD in Health Care Sciences.
- Fluency in English and Czech or Slovak language.
- Driving license B.
- Excellent communication and presentation skills.
- Ability to interpret and communicate complex scientific and clinical data.
- Understanding of implementation science and its clinical application.
- Strong interest in evidence based medicine, clinical research, and the therapeutic area.
- Ability to critically evaluate scientific literature and generate insights.
- Team orientation and effective cross functional collaboration.

### Benefits & Rewards

Monthly pension contribution matching your individual contribution up to 3% of your gross monthly base salary; Risk Life Insurance (full cost covered by Novartis); 5-week holiday per year; (1 week above the Labour Law requirement); 4 paid sick days within one calendar year in case of absence due to sickness without a medical sickness report; Cafeteria employee benefit program - choice of benefits from Benefit Plus Cafeteria in the amount of 17,500 CZK per year; Meal vouchers in amount of 105 CZK for each working day (full tax covered by company); Public Transportation allowance; MultiSport Card, Employee Share Purchase Plan.
