About the Role

Key Responsibilities:

- Support the integration of AI solutions into daily marketing workflows (e.g., insights generation, content automation, performance tracking).
- Assist in the development of the One Brand Plan, including environmental scans, competitive analysis, insight synthesis, and slide development.

- Support the launch and tracking of a national omnichannel engagement campaign, including KPI monitoring and reporting dashboards.
- Collaborate cross functionally with marketing, digital, medical, and analytics partners to support strategic initiatives.

Essential Requirements:

- Currently enrolled in an undergraduate program in business, marketing, data/analytics, or a related field.
- Strong interest in AI, digital innovation, and healthcare/pharmaceutical marketing.
- Proficient in Microsoft Office (Excel, PowerPoint) with strong analytical and presentation building skills.
- Ability to manage multiple priorities, work independently, and thrive in a fast paced environment.
- Strong communication skills and high level of curiosity, initiative, and problem solving.
