

Scientific Associate - Biology

Job ID
REQ-10073445

3月 20, 2026

Switzerland

摘要

You are a biologist who enjoys working in a collaborative and fast-paced environment. You execute biochemical and cellular profiling assays to deliver high quality data to impact early drug discovery projects. We are seeking a highly motivated, detail-oriented biologist to join our Lead Identification and Optimization (LIDO) team in our research site in Basel. You will accelerate drug discovery by producing high quality data on compounds tested in cellular and biochemical profiling assays, working closely with your colleagues in global Discovery Sciences (DSc) and project teams within Biomedical Research (BR).

About the Role

Key responsibilities:

- Adapt biochemical and/or cellular profiling assays into robust and standardized assays to support testing of newly synthesized compounds generated by project teams with a focus on

fast turnaround times with regards to delivering data.

- Develop, document and maintain SOPs for LIDO process and quality control.
- Proactively identify and implement improvements to enhance lab processes, performance and reliability.
- Coordinate and plan execution of LIDO profiling assays with internal stakeholders

Essential Requirements:

- Expertise in either biochemical or cellular assay execution.
- High attention to detail and commitment to operational excellence.
- Strong organizational and time-management skills.
- Ability to work independently and collaboratively within multidisciplinary global teams.
- Flexibility and responsiveness to shifting priorities.
- BSc or MSc in Biology, Biochemistry, or equivalent qualification.
- Excellent written, verbal, and interpersonal communication skills.

Novartis is committed to working with and providing reasonable accommodation to all individuals. If, because of a medical condition or disability, you need a reasonable accommodation for any part of the recruitment process, or in order to receive more detailed information about the essential functions of a position, please send an e-mail to inclusion.switzerland@novartis.com and let us know the nature of your request and your contact information. Please include the job requisition number in your message.

Why Novartis: Helping people with disease and their families takes more than innovative science. It takes a community of smart, passionate people like you. Collaborating, supporting and inspiring each other. Combining to achieve breakthroughs that change patients' lives. Ready to create a brighter future together? <https://www.novartis.com/about/strategy/people-and-culture>

Benefits and Rewards: Learn about all the ways we'll help you thrive personally and professionally. [Read our handbook \(PDF 30 MB\)](#)
