摘要

Are you driven to make complex ways of working simpler, sharper, and truly effective? In this high-impact role, you will sit at the heart of Internal Audit, turning methodology, guidelines, and tools into practical, easy-to-use ways of working that help audit teams deliver with consistency and confidence. As Senior Manager, Internal Audit, Operational Excellence, you will shape how audits are executed day to day—leading continuous improvement initiatives, enhancing tools and workflows, and ensuring strong adoption across the function. Your work will directly reduce rework, strengthen quality, and enable Internal Audit to operate at its best, while partnering closely with global stakeholders to turn insight into lasting change.

About the Role

Key Responsibilities

- Lead the day-to-day implementation and evolution of Internal Audit methodology, playbooks,

and practical ways of working

- Simplify and maintain templates, guidance, and step-by-step materials to enable consistent, high-quality audit execution
- Drive tool and workflow enhancements by translating audit needs into clear requirements with technology partners
- Provide operational system support to audit teams during their day-to-day execution.
- Deliver a prioritized operational excellence roadmap that reduces rework, improves consistency, and strengthens audit quality
- Partner with audit teams and learning teams to support rollout, training, and sustained adoption of new ways of working
- Build and maintain dashboards that provide insight into adoption, performance, and improvement opportunities
- Convert quality review themes and audit follow-up insights into tangible process, tool, and enablement improvements

Willingness to travel for this role: 5%

Essential Requirements

- University degree in business, finance, accounting, risk management, information systems, or a related discipline
- Strong understanding of internal audit ways of working, including methodology, templates, and workflow discipline
- Proven experience delivering process improvement and change initiatives, from design through adoption
- Demonstrated ability to translate business requirements into practical tool and workflow enhancements with technology partners
- Excellent communication skills with the ability to simplify complex processes and influence diverse stakeholders
- Fluency in English, with confidence working in a global, cross-functional environment
