Take ownership of critical manufacturing processes and make a real impact on product quality and release timelines in a fast-paced production environment. As a Process Expert, you will be the key link between production, quality, and engineering—solving complex challenges, managing deviations, and ensuring operations run smoothly across a 24/7 manufacturing setup.

About the Role

Key Responsibilities:

- Provide frontline technical support to resolve process issues and ensure uninterrupted production
- Act as Subject Matter Expert for assigned product and manufacturing processes
- Ensure on-time execution of production activities in line with good manufacturing practice, safety, and quality standards
- Coordinate production operations and manage deviations, CAPAs, and release-related activities
- Develop and maintain optimized production schedules based on material and capacity availability
- Design and manage electronic batch records, ensuring quality, efficiency, and compliance
- Collaborate with engineering, production, and quality teams to resolve complex manufacturing challenges

Essential Requirements:

- Degree in engineering, biotechnology, or another scientific field
- Minimum 1 year experience in manufacturing or production environment (3 years preferred)
- Hands-on experience with cell culture processes
- Good knowledge of good practice standards and deviation handling processes
- Ability to work in a fast-paced environment with multiple parallel priorities
- Strong learning agility, curiosity, and proactive mindset
- Fluent in French and English

Desirable Requirements:

- Experience in biotechnology or pharmaceutical manufacturing

Benefits and Rewards:

- Salary range: 42 560 € - 63 840 €
- An annual bonus
- A focus on your career development
- Access to our Quality of Life at work program
- Flexible working
- Advanced social coverage for you and your loved ones
- 27 days of paid leave & 14 days of RTT per year
- Various employee recognition programs

Why Novartis: Helping people with disease and their families takes more than innovative science. It takes a community of smart, passionate people like you.
