Internal job title: Associate Director DDIT EXP Operational Excellence & Planning

This role is based in Prague. Novartis is unable to offer relocation support for this role: please only apply if this location is accessible for you.

About the Role:

The Associate Director DDIT EXP Operational Excellence & Planning supports the implementation and continuous improvement of the DDIT operating model within the Experience & Adoption function. This role ensures core operational processes run smoothly across the function and drives pragmatic improvements across planning, productivity, and execution for small to medium-sized teams. The role operates with significant autonomy within the function and partners closely with Finance, P&O, Procurement, and DDIT governance communities.

About the Role

Key Responsibilities:

- Operational Excellence and Operating Model Execution: Drive adoption of standard operational processes, tools, and governance aligned to the DDIT operating model and identify improvement opportunities and lead continuous improvement initiatives across operational workflows.
- Portfolio, Demand and Capacity Planning: Support development and maintenance of function portfolio and demand plans while establishing reliable capacity and resource views, partnering with delivery and people leads to enable prioritization.
- Financial Planning and Performance Management: Coordinate budget, forecasting, and financial reporting activities for the function, ensuring accuracy and timeliness. Track and report operational targets and key metrics, highlighting risks and proposing mitigations.
- Cross-Functional Coordination: Act as a key point of contact for OPX and Planning topics within the function and coordinate cross-functional initiatives. Also contribute to broader OPX and Planning community initiatives to enable standardization and cost efficiency.
- Change Management: Support change management for new processes, tools, and ways of working.
- Operational Cadence and Leadership Enablement: Own the function-wide engagement rhythm, including planning and orchestration of town halls and other related function activities. Prepare executive-ready slide decks for operational reviews, budgeting and forecasting milestones, quarterly business updates, and change initiatives; ensure consistency of messaging, visuals, and data integrity

Essential Requirements:

- University Degree in IT related professional education (e.g. MSc in Computer Science) OR business/administration professional education (e.g. MBA)
- Experience of 7+ years in working in global matrix organizations in Digital/IT domain, showcasing a strong ability building relationships and engage in interactions with senior management effectively driving strategy development.
- Digital and technology savvy and comfortable with operational tooling, with ability to leverage digital tools and automation to streamline planning, reporting, and operational workflows while improving transparency and productivity.
- Working knowledge of governance, risk, and compliance expectations, with experience applying relevant governance and control requirements to operational processes, proactively identifying gaps and ensuring appropriate evidence and remediation.
- Experience in process improvement and process excellence
- Proven track record delivering global solutions at scale, collaborating across boundaries and influencing without authority.
- Proficiency in Financial Management is essential to ensuring operational decisions align with corporate priorities and enable sustainable business impact.
- Excellent communication and presentation skills in English (both written and verbal)
- Strong stakeholder management and engagement skills, with ability to influence and drive outcomes without direct authority;

Desirable requirements:

- Proficiency in additional languages other than English is an advantage

Commitment to Diversity & Inclusion:

We are committed to building an outstanding, inclusive work environment and diverse teams representative of the patients and communities we serve.

You ' ll receive (CZ only):

Monthly pension contribution matching your individual contribution up to 3% of your gross monthly base salary; Risk Life Insurance (full cost covered by Novartis); 5-week holiday per year; (1 week above the Labour Law requirement) ; 4 paid sick days within one calendar year in case of absence due to sickness without a medical sickness report; Cafeteria employee benefit program - choice of benefits from Benefit Plus Cafeteria in the amount of 1,500 CZK per year; Meal vouchers in amount of 105 CZK for each working day (full tax covered by company); Car Allowance; MultiSport Card.
