摘要

About the role:

The Manager - Digital Finance Operations is responsible for ensuring the seamless execution of digital finance operations running smoothly for the Aladdin application. This role involves managing end-to-end processes and driving new projects and initiatives to enhance efficiency, compliance, and scalability within the digital finance function.

About the Role

Key Requirements:

- Ensure smooth and efficient execution of digital processes for Aladdin application, meeting quality standards and compliance requirements.

- Managing end-to-end digital finance process and month-end close activities for the Aladdin application, while identifying gaps, risks, and opportunities for improvement.
- Performing variance analysis, troubleshooting to address the queries, sharing the impact assessment with stakeholders and recommending solutions based on the findings.
- Act as a process owner, ensuring standardization, documentation and adherence to internal controls and governance frameworks.
- Drive new projects and initiatives, including process automation, system enhancements, digital transformation and continuous improvement programs.
- Collaborate with cross-functional stakeholders to ensure seamless integration and execution.
- Support change management activities, including new product launches, regulatory updates and process migrations.
- Identify and implement best practices in digital finance and operations to improve efficiency, accuracy and customer experience.

Essential Requirements:

- Over 6 years of experience with CMA/CA/MBA qualification
- Hands on experience with SAP, BI and Power BI.
- Understanding of Novartis master data structures and governance would be an advantage
- Understanding of the data flows from SAP to BI solutions
- Ability to understand the business requirements and translate to the IT for appropriate solutions

Desirable Requirements:

- Excellent communication skills, experience to communicate with business leaders through all level of organization.
- Ability to manage multiple tasks, deadlines and adapting to continuous system changes.

Why Novartis: Helping people with disease and their families takes more than innovative science. It takes a community of smart, passionate people like you.
