### **摘要**

Are you passionate about driving quality, compliance, and patient safety while shaping how healthcare programs are governed?

As a Patient Safety & POP Governance Manager, you will play a pivotal role in ensuring Patient Oriented Programs are delivered with the highest standards of integrity, risk management, and regulatory compliance. Working across diverse stakeholders, you will influence strategic decision-making, strengthen governance frameworks, and help create a culture where patient safety, ethical practices, and operational excellence are at the forefront of everything we do.

This is an exciting opportunity to make a meaningful impact on patients while contributing to Novartis' mission to reimagine medicine.

## About the Role

**Location:** New Cairo, Egypt

**Working Model:** Hybrid

#LI-Hybrid

**Relocation Support:** This role is based in New Cairo, Egypt. Novartis is unable to offer relocation support, please only apply if accessible.

## Key Responsibilities

- Lead implementation of the local Patient Oriented Program governance framework across assigned countries.
- Provide expert guidance and training to associates throughout the program lifecycle.
- Oversee governance, monitoring, and compliance activities for Patient Oriented Programs.
- Chair the local governance board and ensure timely review of program-related matters.
- Identify compliance risks and implement effective mitigation and control measures.
- Support audits, inspections, self-assessments, and issue escalation when required.
- Partner with cross-functional teams to drive governance strategy and program excellence.
- Contribute to global initiatives, standards, policies, and governance improvement projects.
- Ensure appropriate pharmacovigilance requirements are incorporated into local agreements and programs
- Promote Novartis values while fostering a culture of quality, integrity, and patient safety.

## Essential Requirements

- Degree in Medical or Pharmacy.
- Minimum 5 years of experience in patient safety, pharmacovigilance, healthcare compliance, or quality governance.
- Strong knowledge of regulatory, ethical, risk management, and compliance requirements.
- Demonstrated ability to lead cross-functional initiatives and influence diverse stakeholders.
- Excellent communication, training, and stakeholder engagement skills.
- Fluent written and spoken English and local language proficiency.

*Join Novartis and help strengthen the governance, quality, and patient safety foundations that enable innovative healthcare programs to make a meaningful difference for patients. Apply today and be part of a team committed to reimagining medicine and delivering better outcomes worldwide.*
