Are you ready to become the go-to expert for primary packaging materials and medical devices that help deliver life-changing medicines to patients worldwide? In this role, you will take ownership of critical components such as vials, syringes, stoppers, and autoinjectors, working closely with local and global teams to introduce new materials, drive continuous improvement, and ensure the highest quality standards. If you are passionate about pharmaceutical technologies, enjoy solving complex technical challenges, and thrive in a collaborative international environment, this is an exciting opportunity to make a meaningful impact at Novartis.

Key Responsibilities:

- Own technical expertise for primary packaging materials and medical devices across the product lifecycle.
- Lead implementation of new packaging components and technical changes related to vials, syringes, and stoppers.
- Act as the single point of contact for primary packaging and medical device technologies.
- Provide technical leadership during deviations, investigations, complaints, and complex quality-related challenges.
- Support technology transfers, validation activities, and technical development initiatives across manufacturing sites.
- Drive process optimization projects to improve product quality, robustness, and operational efficiency.

- Contribute technical expertise to equipment selection, qualification, and implementation projects.
- Facilitate knowledge sharing and collaboration across functions, sites, and global technical networks.

Essential Requirements:

- University degree in pharmacy, pharmaceutical technology, chemistry, or another relevant scientific discipline.
- At least 5 years of experience supporting manufacturing, Manufacturing Science and Technology, technical development, or quality operations.
- Strong technical mindset with the ability to understand and manage complex pharmaceutical processes.
- Proactive and results-oriented, with the ability to work effectively both independently and within cross-functional teams.
- Excellent communication skills with the confidence to provide constructive feedback and influence stakeholders.
- Fluent English and proficiency in Microsoft Office applications.

Desirable Requirements:

- Knowledge of primary packaging materials and medical devices, including interpretation of technical drawings and specifications.
- Experience in aseptic manufacturing environments or with finished aseptic pharmaceutical products.

We offer permanent employment with 6 months of probation period. Submit your application with the CV in Slovenian and English language.

Rewards:

At Novartis, we 're committed to reimagining medicine together - and rewarding the people who make it happen.

Expected Annual Base Salary Range for role:

32.060,00 - 59.540,00 EUR

The salary offered is determined based on gender-neutral objectives, such as relevant skills, competencies and experience in accordance with the Novartis pay setting policy and upon joining Novartis will be reviewed periodically.

Pay equity is a fundamental principle of our employment policy and reflects our commitment to create a diverse, equitable and inclusive environment that treats all employees with dignity and respect, as outlined in our Code of Ethics.

In addition to your base salary, you will be eligible for benefits listed below:

- Annual bonus for all employees: 12% of annual base salary.
- Holiday allowance: In 2025 it amounted to € 2,496 (net). For 2026 it amounts to € 2,678.28 (net).
- Yearly performance-based bonus: In 2025 it amounted to € 2,538.64 (gross), including the winter allowance.
- Voluntary supplementary pension insurance: Novartis in Slovenia provides voluntary supplementary pension insurance (5.844% of gross salary, capped annually at € 3.224,18).
- Insurance: Additional accident insurance: During employment at Novartis, the employee is insured 24/7 in the event of death or disability resulting from an accident. Specialist insurance: Group health insurance providing faster access to specialist healthcare services at Triglav Health Insurance Company d.d. for you and your family members.
- Care Connect: A program offering confidential, personalized support for mental health and well-being through therapy, counselling, tools, and more.
- Other benefits in accordance with legislation and collective agreements: Transportation, meal allowance, and other supplements.
