摘要

#LI-Hybrid
Location: Prague, Czech Republic

Ready to shape the future of intelligent network operations? Join Novartis as a Sr. Specialist DDIT IES Network Engineering and play a key role in transforming our global network landscape through automation, artificial intelligence, and modern infrastructure solutions. In this role, you will drive innovative network initiatives, enhance operational excellence, and deliver impactful technology projects that support our mission to reimagine medicine. If you are passionate about leveraging emerging technologies to create secure, scalable, and resilient network environments, this is your opportunity to make a meaningful difference on a global scale.

About the Role

Key Responsibilities

- Drive network engineering initiatives that enhance performance, reliability, and scalability across global environments.
- Deploy artificial intelligence capabilities to optimize network operations and improve service delivery.
- Develop and implement network automation solutions to increase efficiency and reduce manual effort.
- Deliver network infrastructure projects on time, budget, and quality commitments.
- Ensure compliance with service management processes and technology governance standards.
- Report technical complaints, adverse events, and special case scenarios within required timelines.
- Promote a safe, healthy workplace by adhering to health, safety, environmental, and security standards.

Essential Requirements

- Proven experience in network engineering, infrastructure operations, or enterprise network services.
- Strong understanding of network technologies, protocols, and connectivity solutions.
- Experience delivering network infrastructure projects within complex global environments.
- Knowledge of network automation tools and infrastructure-as-code methodologies.
- Experience applying artificial intelligence or advanced analytics to technology operations.
- Strong problem-solving, stakeholder management, and communication skills across technical and business teams.

Desirable Requirements

- Experience supporting large-scale, global enterprise network environments.
- Relevant industry certifications in networking, automation, or cloud technologies.

Expected Annual Base Salary Range for role: 824,600.00 - 1,531,400.00 CZK

The base salary offered is determined based on gender-neutral objectives, such as relevant skills, competencies and experience in accordance with the Novartis pay setting policy and upon joining Novartis will be reviewed periodically.

In addition to your base salary, you may be eligible for a performance-based bonus depending on certain performance parameters.

The rewards of being part of our team go far beyond base pay and incentives. We also offer a variety of competitive benefits in kind to help you thrive personally and professionally, such as insurance plans, retirement plans, wellbeing resources and global recognition programs. In addition, we provide

flexible and hybrid working options, where possible, and minimum 14 weeks paid parental leave.

Pay equity is a fundamental principle of our employment policy and reflects our commitment to create a diverse, equitable and inclusive environment that treats all employees with dignity and respect, as outlined in our Code of Ethics.

Read our brochure to learn more about our global total rewards offering:

<https://www.novartis.com/sites/novartiscom/files/novartis-life-handbook.pdf>

Note: Benefits and compensation may vary by country and are subject to local legal requirements, including provisions of collective bargaining agreements where applicable. A full overview of your compensation package, including any relevant collective bargaining agreement details applicable to your role based on your employment location and Novartis employer entity, will be communicated separately to you during the application process.

Commitment to Diversity & Inclusion:

Novartis is committed to building an outstanding, inclusive work environment and diverse teams representative of the patients and communities we serve.

Accessibility and accommodation:

Novartis is committed to working with and providing reasonable accommodation to all individuals. If, because of a medical condition or disability, you need a reasonable accommodation for any part of the recruitment process, or in order to receive more detailed information about the essential functions of a position, please send an email to di.cz@novartis.com and let us know the nature of your request and your contact information. Please include the job requisition number in your message.

Why Novartis: Helping people with disease and their families takes more than innovative science. It takes a community of smart, passionate people like you. Collaborating, supporting and inspiring each other. Combining to achieve breakthroughs that change patients' lives. Ready to create a brighter future together? <https://www.novartis.com/about/strategy/people-and-culture>
