摘要

Job Title: Senior Scientist

Summary

Novartis will not sponsor visas for this position.

Novartis is unable to offer relocation support for this role: please only apply if this location is accessible for you.

Telecommunication/WFH allowed. Position reports to Cambridge, MA

About the Role

Key Responsibilities:

Senior Scientist will work within a sub-team of OPB, primarily passionate about tissue based biomarker assay development (e.g., IHC, ISH, and FIHC) for eventual transfer to external contract research organizations as part of clinical trials or for exploratory research on preclinical and consented clinical and commercial samples. The Senior Scientist will help support programs across a wide range of therapeutic modalities and disease indications within Oncology and have opportunities to develop additional skills in image analysis and participate in technical development within OPB.

About the Role

Essential Requirements:

Master 's degree in biology, cell biology, neuroscience, or a related field.

2 years of work experience in the job offered or related position; and

Experience with the following:

- Immunohistochemical
- Immunofluorescence techniques
- Histology

Novartis Compensation and Benefit Summary:

The salary for this position is expected to range between **\$100,755 to \$174,200** per year.

The final salary offered is determined based on factors like, but not limited to, relevant skills and experience, and upon joining Novartis will be reviewed periodically. Novartis may change the published salary range based on company and market factors.

Your compensation will include a performance-based cash incentive and, depending on the level of the

role, eligibility to be considered for annual equity awards.

US-based eligible employees will receive a comprehensive benefits package that includes health, life and

disability benefits, a 401(k) with company contribution and match, and a variety of other benefits. In

addition, employees are eligible for a generous time off package including vacation, personal days,

holidays and other leaves.

Why Novartis: Helping people with disease and their families takes more than innovative science. It takes a community of smart, passionate people like you. Collaborating, supporting and inspiring each other. Combining to achieve breakthroughs that change patients ' lives. Ready to create a brighter future together? <https://www.novartis.com/about/strategy/people-and-culture>

Benefits and Rewards: Learn about all the ways we 'll help you thrive personally and professionally.
