摘要

Director, Scientific Product Delivery & Operations
#LI-Hybrid
Location: London, UK

This role is based in London, UK. Novartis is unable to offer relocation support for this role. Please only apply if this location is accessible for you.

100,000+ unique, curious, and empowered individuals inspired by our purpose.

The Scientific Product Engineering team serves quantitative scientists who analyze and report clinical trials as the organization adopts open-source tools and agentic AI workflows. Reporting to and partnering closely with the Head of Scientific Product Engineering, the Director translates agreed product strategy and portfolio priorities into coordinated delivery plans, governance, resource recommendations, and measurable outcomes.

Working with Product Owners, technical leads, business stakeholders, and end users, the Director operationalizes the portfolio direction set by the Head of Scientific Product Engineering. The role

provides delivery insight and constructive challenge, establishes delivery discipline and portfolio visibility, and coordinates resource planning and operational improvements to enable value realization, transparency, and scalable execution
