

Master student - Analytical Characterization of Biopharmaceuticals (m/f/d)

Job ID
REQ-10089317

十月 08, 2026

Austria

摘要

Durchführung von wissenschaftlichen Experimenten oder Pilotanlagenprozessen zur Herstellung und rechtzeitigen Abgabe von Wirkstoffen (DS), Arzneimitteln (DP), Prozessen und Verfahren in Zusammenarbeit mit einem multifunktionalen Projektteam, das vom Projektleiter koordiniert wird. Beitrag zur Instandhaltung von Laborinstrumenten/-infrastruktur.

About the Role

Main Accountabilities

Your responsibilities include but are not limited to:

- **Contribute to development projects:** Support our scientists in Analytical Characterization -

from planning and executing experiments to analyzing and interpreting data.

- **Document and Optimize:** Record experimental procedures and results thoroughly and contribute ideas to enhance analytical methods and workflow efficiency.
- **Data analysis and Automation:** Assist in evaluating complex datasets and support the implementation of automated solutions to improve throughput and reproducibility.
- **Collaborate and Communicate:** Work closely with your colleagues and prepare your results for team discussions and presentations.

What you will bring to the role

- You are currently enrolled in a Master's program in a relevant field such as Analytical Chemistry, Biochemistry, Bioinformatics, or Pharmaceutical Sciences.
- A solution-oriented mindset and a high willingness to learn new skills and concepts.
- You have a self-driven, team-oriented work style - you take responsibility for your tasks and enjoy working collaboratively.
- Interest for or knowledge in data science, statistical data analysis, and simulation, automation and basic programming (e.g. R or Python) is an advantage.
- Proficiency in MS Office for data analysis and documentation.
- Advanced communication skills in German and English, both written and spoken.

What we offer

- You will contribute to the optimization of meaningful analytical methods that impact the development of innovative biologics that improve patient lives worldwide.
- Work in state-of-the-art labs located in Kundl, Austria, with access to high-end instrumentation including mass spectrometry, chromatography, and biophysical methods.
- Grow as a scientist through hands-on experience in mass spectrometry, guided by experts in the field.
- Supportive, interdisciplinary team with a flat hierarchy and open communication.
- Diverse and inclusive environment that values your unique perspective and expertise.

Rewards:

In addition to a market-competitive base salary, we offer an attractive incentive program, a modern company pension scheme, childcare facilities, learning and development opportunities as well as worldwide career possibilities within the Novartis group. In accordance with Austrian law, we are obliged to disclose the minimum salary as stated in the collective bargaining agreement. For this position the minimum salary is € 39,171.30 EUR/year (on a full-time basis). The actual salary will be significantly higher, as we strive to maintain a competitive position in the market and consider your previous experience, qualifications and individual competencies. We are open for part-time and job-sharing models and support flexible and remote working where possible.

Commitment to Diversity and Inclusion / EEO paragraph:

Novartis is committed to building an outstanding, inclusive work environment and diverse teams' representative of the patients and communities we serve.

Adjustments for Applicants with Disabilities:

If because of a medical condition, physical disability or a neurodiverse condition you require an adjustment during the recruitment process, please reach out to disabilities.austria@novartis.com and let us know the nature of your request as well as your contact information. The support which we can provide will include advice on suitable positions as well as guidance at all stages of the application process. Austrian law provides candidates the opportunity to involve the local disability

Why Novartis: Helping people with disease and their families takes more than innovative science. It takes a community of smart, passionate people like you. Collaborating, supporting and inspiring each other. Combining to achieve breakthroughs that change patients' lives. Ready to create a brighter future together? <https://www.novartis.com/about/strategy/people-and-culture>

Benefits and Rewards: Learn about all the ways we'll help you thrive personally and professionally. [Read our handbook \(PDF 30 MB\)](#)

```

Unterstützungen für BewerberInnen mit Behinderungen

Wenn Sie aufgrund einer Erkrankung, einer körperlichen Behinderung oder eines neurodiversen Zustandes eine Unterstützung bei verschiedenen Teilen des Rekrutierungsprozesses benötigen, wenden Sie sich bitte an disabilities.austria@novartis.com und teilen Sie uns die Art Ihrer Anfrage sowie Ihre Kontaktinformationen mit. Unsere Unterstützung umfasst die Beratung zu geeigneten Positionen sowie die Begleitung bei allen Phasen des Bewerbungsprozesses. Das österreichische Gesetz sieht die Möglichkeit vor, die örtliche Behindertenvertrauensperson (BVP) in das Bewerbungsverfahren einzubeziehen. Wenn Sie dies wünschen, teilen Sie uns dies bitte vorab als Vermerk in Ihrem Lebenslauf mit.
