摘要

In this role, you will support daily manufacturing operations by ensuring materials, inventory, equipment, systems, and documentation are ready to support scheduled production activities. You will work closely with Manufacturing and cross-functional teams to maintain current Good Manufacturing Practice (cGMP) standards, accurate records, and an audit-ready manufacturing environment.

About the Role

#LI-Onsite

Location: Morris Plains, New Jersey
Schedule: Wednesday-Saturday, 6:00 a.m. - 4:30 p.m.

Relocation: This position does not offer relocation assistance. Please only apply if you can work from the specified location.

Job Description Summary

In this role, you will support daily manufacturing operations by ensuring materials, inventory, equipment, systems, and documentation are ready to support scheduled production activities. You will work closely with Manufacturing and cross-functional teams to maintain current Good Manufacturing Practice (cGMP) standards, accurate records, and an audit-ready manufacturing environment.

Key Responsibilities

- Maintain accurate SAP inventories for manufacturing components and support monthly cycle counts.
- Prepare and stage materials for scheduled manufacturing processes, ensuring appropriate status segregation, expiration control, and storage of media lots and dispensary materials.
- Support aseptic operations, including observation of aseptic techniques, area cleaning, and required equipment cleaning.
- Execute Manufacturing Execution System (MES) activities and review MES and logbook entries for accuracy, completeness, and legibility.
- Use production-related systems, including SAP, Laboratory Information Management System (LIMS), MES, Intralinks, and iRelease, and support real-time system troubleshooting.
- Maintain an audit-ready work environment and consistently follow current Good Manufacturing Practice (cGMP), current Good Laboratory Practice (cGLP), and aseptic practices.
- Support deviation investigations involving your work environment and contribute to the integration and harmonization of best practices.
- Collaborate with other departments to resolve inventory-related issues and support smooth daily manufacturing operations.
- Demonstrate ownership, accountability, adaptability, and a continuous-improvement mindset, including identifying solutions to process improvement issues.

Essential Requirements

- High school diploma or GED equivalent required; Bachelor ' s degree preferred.
- 1-3 years of related experience in a cGMP/FDA-regulated industry.
- Strong interpersonal, written, and verbal communication skills, with effective problem-solving and follow-up skills.
- Strong organizational skills, flexibility, and the ability to work with minimal supervision.
- Ability to lift up to 50 lbs.
- Requires handling of chemicals, including corrosives, solvents, and biohazardous materials.
- Ability to work Wednesday-Saturday, 6:00 a.m.-4:30 p.m., with flexibility to work alternate shifts and overtime as required.
- Ability to collaborate effectively across groups, teams, and departments while demonstrating ownership, accountability, adaptability, discipline, and composure in stressful situations.

Desirable Requirements

- SAP and Manufacturing Execution System (MES) knowledge strongly preferred.
- Environmental monitoring and aseptic experience preferred.

The salary for this position is expected to range between $55,000 and $102,200 per year. The final salary offered is determined based on factors like, but not limited to, relevant skills and experience, and upon joining Novartis will be reviewed periodically. Novartis may change the published salary range based on company and market factors. Your compensation will include a performance-based cash incentive and, depending on the level of the role, eligibility to be considered for annual equity awards. US-based eligible employees will receive a comprehensive benefits package that includes health, life and disability benefits, a 401(k) with company contribution and match, and a variety of other benefits. In addition, employees are eligible for a generous time off package including vacation, personal days, holidays and other leaves.
