摘要

Job Title: Senior Clinical Research Associate (Sr. CRA)

#LI-Remote (Field Based)

Primary Location: Southeast United States

Drive clinical trials forward where it matters most - at the site level and with patients at the center. As a Senior CRA at Novartis, you will manage trusted site relationships and perform on-site and remote monitoring activities to support the initiation, conduct, and timely completion of Phase I - IV trials in compliance with International Council for Harmonization / Good Clinical Practices (ICH/GCP), local regulations, Standard Operating Procedures (SOPs), and monitoring procedures. Serving as a key point of contact for investigational sites, you will proactively manage site performance, recruitment, quality, risks, and issue resolution to ensure sustainable trial execution and high-quality data delivery. Assigned to complex trials and/or less experienced sites, you may also act as a Subject Matter Expert, support audit and inspection readiness activities, ensure timely implementation of corrective actions, and collaborate with local and global cross-functional teams to drive process improvements that help bring innovative therapies to patients faster.

This position can be based remotely anywhere in the U.S. (there may be some restrictions based on legal entity). Please note that this role would not provide relocation as a result. The expectation of working hours and travel (domestic and/or international) will be defined by the hiring manager. This position will require 80% travel.
