摘要

Location: Hyderabad, India, 12 days/month in office

Internal job title: Sr. Specialist DDIT Finance Sol.Del. Treasury

About the role:
The Sr IT Specialist for Treasury Solutions is responsible for IT project delivery and operations in Treasury and Investor Relations areas. They will partner with Business Stakeholders, DDIT Strategic Business Partners and Vendors for demand analysis, solution proposal/evaluation and project delivery.

About the Role

Key Responsibilities:

· Execute technology delivery strategy for business systems, platforms, and processes within the assigned business domain or function.

- Hold end-to-end accountability for technology product delivery, partnering with business product owners to establish technology roadmaps and ensure products generate business value.
- Collaborate with Business partners and DDIT Strategic Business Partners for demand analysis, solution proposals/evaluations, and funding estimates for operations and projects.
- Ensure delivery of technology services, solutions, and products aligns with strategic goals, enabling reuse across business areas and maximizing business impact.
- Run efficient DevOps for platforms, products, or systems to guarantee availability, optimal performance, and continual improvement.
- Establish and follow a robust governance structure for projects and operations, ensuring the right stakeholder representation and compliance with Security and Compliance policies and procedures.
- Track, report, and deliver against agreed-upon success factors, KPIs, and user experience targets for various stakeholders and service areas.
- Manage application lifecycle, data consistency, portfolio optimization, and ongoing improvements.
- Drive root cause analysis and implement solutions to prevent recurrence of problems.
- Contribute to and lead transformation initiatives by leveraging the latest technology trends and best industry practices to enhance agility, speed, efficiency, and effectiveness.
- Ensure all technology solutions and platforms are delivered on time, within budget, compliant, secure, and are fit for business purpose.
- Follow DDIT practices to drive agility, speed, efficiency, and effectiveness, and ensure adherence to Security and Compliance policies and procedures.

Essential Requirements:

- University degree in IT related discipline or Finance/Treasury related discipline, and/or relevant experience with professional qualifications
- 5+ years of experience in Treasury IT, with proven track record delivering technology products, including experience in Treasury or other areas of Finance
- Prior experience as a Treasury systems manager or in Treasury IT is preferred (e.g., FIS Quantum, Trax, SWIFT, Bloomberg), or in Audit
- Experience supporting and delivering custom developed solutions (MS SQL, .NET)
- Expertise in IT Technical Strategy and Planning, Emerging Technology Monitoring, and Vendor Management
- Solid understanding of Agile methodologies
- Demonstrated ability to work in cross-functional teams and build relationships within a matrix environment
- Strong mindset for continuous improvement and change management
- Excellent interpersonal and communication skills; ability to work independently and reliably, and strong collaboration skills
- Highly motivated and eager to actively engage with internal and external stakeholders
- Fluency in English, both written and spoken

Desirable:

- Experience and knowledge of Finance and Treasury business process areas, and Industry

exposure
- Adoption and development of Agile methodologies
- Knowledge of IT solution architecture, infrastructure, and systems

Commitment to Diversity & Inclusion:

We are committed to building an outstanding, inclusive work environment and diverse teams representative of the patients and communities we serve.
