## 摘要

WE MAKE NOVARTIS MEDICINES WORK
You want to contribute to the development of Innovative Biologics Medicines and bring late-phase projects to the market? Then the Analytical Operations Teams Austria is the place to be. We provide quality control for our development products used in clinical studies and ensure GMP standards and commercial readiness for analytical methods, stability studies and reference materials. Thereby we make an impact for patients in clinical studies worldwide and manage an exiting portfolio of late-phase development products that will reach the market soon.

#LI-Hybrid
Location - Schaftenau, Austria
Please only apply for this position if you are able to work at the location as no relocation is on offer for this position.

## About the Role

**Key responsibilities:**

- Lead and manage GMP Analytical Expert team and assigned project activities and apply scientific/ technical and/or quality-related expertise to address complex R&D issues.
- Assess, consolidate, and prioritize internal and external resource needs for late-phase projects and align on transition of projects from early- to late-phase development with Analytical Operations Teams in Slovenia
- Closely align with analytical project leaders and relevant partner functions (e.g. Quality, Global Clinical Supply, RA-CMC, Technical Operations, etc.) to ensure project delivery according to project plans and understand customer/ stakeholder needs
- Interact with health authorities where appropriate and act as technical expert in audits
- Proactively communicate, address, and solve complex problems, key issues, and other critical topics within own and broader area of responsibility.

**Essential Requirements:**

- Several years of experience (minimum 5) in technical development of Biologics products
- Thorough understanding of development processes in late-phase analytical development
- Strong knowledge of relevant guidelines, GMP, and Novartis regulations
- Ability to work in and/or lead interdisciplinary and/or cross-cultural teams and influence/ manage matrix teams and multiple stakeholders
- Proven leadership, communication and presentation skills
- Qualification as control laboratory manager according to AMBO §9.

**Rewards**:

In addition to a market-competitive base salary, we offer an attractive incentive program, a modern company pension scheme, childcare facilities, learning and development opportunities as well as worldwide career possibilities within the Novartis group. In accordance with Austrian law, we are obliged to disclose the minimum salary as stated in the collective bargaining agreement. For this position the minimum salary is € 78,383.90 EUR/year (on a full-time basis). The actual salary will be significantly higher, as we strive to maintain a competitive position in the market and consider your previous experience, qualifications and individual competencies.

We are open for part-time and job-sharing models and support flexible and remote working where possible.

**Commitment to Diversity and Inclusion / EEO paragraph:**

Novartis is committed to building an outstanding, inclusive work environment and diverse teams' representative of the patients and communities we serve.

**Adjustments for Applicants with Disabilities:**

If because of a medical condition, physical disability or a neurodiverse condition you require an adjustment during the recruitment process, please reach out to disabilities.austria@novartis.com and let us know the nature of your request as well as your contact information. The support which we can provide will include advice on suitable positions as well as guidance at all stages of the application process. Austrian law provides candidates the opportunity to involve the local disability representative, Behindertenvertrauensperson (BVP), in the application process. If you would like to request this, please let us know in advance as a note on your CV.

**Why Novartis:** Helping people with disease and their families takes more than innovative science. It takes a community of smart, passionate people like you. Collaborating, supporting and inspiring each other. Combining to achieve breakthroughs that change patients ' lives. Ready to create a brighter future together? https://www.novartis.com/about/strategy/people-and-culture
