摘要

Location: Toronto #LI-Hybrid

This role is based in Toronto, Canada. Novartis is unable to offer relocation support for this role: please only apply if this location is accessible for you.

The Integrated Insights Manager is a country level role within the Integrated Insights pillar of Execution Excellence (EE). It transforms data into actionable insights to support Commercial and Value & Access (V&A) decision-making for assigned Therapeutic Areas.

The role bridges strategy with execution by translating priorities into clear insight and analytics questions, and by orchestrating delivery through the Data, Analytics & Platforms (DAP) pillar and external research partners. It leads execution of insight plans – including market research, performance analysis and forecast input preparation, within the guardrails defined by EE.
